What makes a Mom & how she finds joy in her role

Many times Mom is the primary care giver of the children. They are the one who spends most of the time with the children. A Mom loves and takes care of her children the best that she can. Mom wears many hats, 1st teacher, cook, nurse, playmate, chauffeur, and coach, to name a few. Being a Mom is a big responsibility. Everything a child sees or hears affects the child for their entire life. Most Moms now work outside of the home. Essentially they have two full time jobs. Mom is expected to drop everything to be there for their children. There is nothing a Mom will not do to keep her child safe. Time management is very important. Sometimes the days feel like they are too short to get everything done. Just making it thru the day is a struggle.

Try to remember the joys of motherhood, when times get rough. Remember to cherish your children and the busy days. These years will fly by, before you know it there will be high school graduations. When your children leave home, you will miss the closeness of having your children home. Take time to enjoy the moments. What did you find joy in today?

Letters To The Editor

As I visit Bracken County residents in Augusta West, the big question I have been asked is what authority does a elected Magistrate have within the City limits if it falls in their district? With so many residents asking me the same question, I feel it's vital that all voters know that all elected Magistrates or County Judge has no authority in Augusta, Brooksville and Germantown city limits. All three communities are incorporated cities, they elect their own Mayor and City Council and all decisions are made by them. Magistrates and County Judge's authority rest with road maintenance outside their city limits, and county business. In the event the county would ever implement zoning, Augusta, Brooksville and Germantown are not included. The decision lies with each city government to decide what is best for their city in any and all County wide zoning.

Trash Talk

by: Mr. Recycle Bin & Ms. Pick-Up Litterbug

Howdy Folks! Last week Kentucky's Division of Air Quality celebrated Air Quality Awareness Week and while we may be a week behind in sharing, the information is even more important today as it was last week! Knowledge of air quality and its importance to the health of humans and the environment can never be overstated and pro-actively incorporating this knowledge into daily living will continue to be of utmost importance! The Division of Air Quality presented three questions on its website to test the reader's awareness of air pollution.

Question one wanted to know the largest source of airborne pollution in the U.S.? This multiple choice question included vehicles, municipal trash burning power plants, factories or backyard burn barrels. Surprisingly the correct answer is the burn barrel! Question two told us that we were camping and wanted to know what we could do to protect the air and our health. Should we get rid of our trash by burning it in the campfire? Should we recycle it when possible and dispose of non-recycling material in a garbage container? Or, should we bury our trash in a pit? Unfortunately, many campers think they are helping the environment by burning trash instead of sending it to the landfill, but nothing could be further from the truth! Camp fires don't get hot enough to burn efficiently so a lot of that trash turns into toxic smoke that can

harm you, your neighbors and the great outdoors.

Finally question three told us that in order to protect human health, Kentucky's open burning regulation restricts the outdoor burning of certain materials. Which of the following items may NOT be legally burned under our state regulations? The choices are plastics, tin cans, paper products, food waste, Styrofoam, batteries, particle board, diapers, tires, tree limbs and piles of horse manure. We'll give you a hint – only two items from the above list can be legally burned! They are the paper products and the tree limbs because everything else is listed as a no-no by Kentucky's Regulation 401 KAR 63:005! Open burning of the above restricted materials produces dioxins and other cancer-producing materials.

Bracken County has a 73% participation rate for Rumpke Trash Service. Of the other 27% of households, many of them burn their trash as evidenced by the burn barrels, burn pits and scorched areas in yards! Not only is this an illegal practice, it is harmful to the health of humans, especially young children, the elderly and those with chronic illnesses, and ironically, we are actually destroying the very air we need to live! Please call 877-786-7537 for Rumpke Service and then RECYCLE, REUSE and REDUCE to keep God's earth clean, green and beautiful! Be seen' you – Bin & Bug.

Thoughts and Meditations from the Scriptures

Guarding The Gates Of The Senses

St. Ignatius, the founder of the Jesuits, advised the following for novices seeking to enter his order: “All should take the most diligent care to guard the gates of the senses—particularly the eyes, ears, and tongue.” Guarding the senses and not allowing them free rein is good advice for all of us, not just novices embarking on holy orders. One way that we can do this is to maintain “custody of the eyes,” meaning that we should not allow our eyes to look anywhere we please, giving idle curiosity the power to direct our gaze. There are many things that it would be better not to see. We simply cannot un-see things once we have seen them, and some things get burned into our souls, as it were. Parents do well to teach their children restraint of the eyes. As a former teacher of teachers used to say, you must first get control of your students’ eyes. But not just the eyes, for what we hear and touch and what goes into and out of our mouths also leaves its imprint on our souls. There is a silence of the eyes as well as of the ears, and even a silence of the heart and soul. We do well to remember that God often speaks in a whisper, and if we are surrounded by noise and distractions we might never hear, see or taste the goodness of the Lord. – *Christopher Simon*

There were door prizes drawn for and the winners were - daughters under 18 Hylton Patterson and Brady Hargett; mothers Mary Beth Appleman and Becky Bishop. Kim Saunders led us in prayer. We were dismissed to enjoy a delicious meal served by Sheri Holleran.

We were then assembled as Roberta Wood introduced our guest speaker, Mrs. Pepper Stinson. She spoke to us on what we need to be a Christian mother. She also reminded us that our Lord is King and that makes us Princesses. Pepper then sang a beautiful song and we were dismissed.

Everyone enjoyed our first Mother and Daughter Banquet and are looking forward to next year.

WILLOW BAPTIST

by Vanessa Ferrell

This Sunday Pastor Keeton spoke about "Coming to Church is a Matter of the Heart". He referenced Psalm 122, and told us that when we are in touch with God, attending church is not an obligation, but a joy. Sunday school for all ages begins at 10:00, followed by the morning service at 11:00. Wednesday evening service will be discontinued until fall.

Mother's Day is next Sunday, and we will have a special Muffins with Mom breakfast at 9:30, before Sunday school. During the morning service we will honor all mothers and present a slideshow of church members with their mothers or children. Ladies are invited to the WMU Meeting on Tuesday, May 15, at 6:30 p.m. Friday, May 18 at 6:00-7:00 p.m., all ladies are invited to meet at the church to learn how to crochet plastic shopping bags into blankets, which will be donated to an organization for the homeless. Please bring plastic shopping bags, a scissor, and a crochet hook.

Future events at Willow include acknowledging students who are graduating from the 5th grade, high school, or college during morning service on Sunday, May 20. If you wish to have a child or grandchild recognized, please contact us at 606-735-3576. Mark your calendar for Vacation Bible School, which is scheduled on June 10-13 from 6:00-8:00 p.m. Also mark your calendar for Willow Baptist's 200th Anniversary, which will be Sunday, July 29. We are planning special activities to celebrate! We are searching for those who previously attended Willow Baptist in order to invite them to the celebration. If you know of a former member who has moved away, please call 606-735-3576 and leave their name and current address.

As you can see, we have activities for everyone. If you want to belong to a family-centered church, you will be welcome at Willow Baptist.

Community National Day of Prayer service held in Brooksville

A community National Day of Prayer service was held on the lawn of the Bracken County Courthouse on Thursday, May 3rd. National Day of Prayer is a time for all citizens to join together or simply pause on their own and pray for the many needs of not only our individual communities and states, but for our nation as a whole, and to pray for our leaders and those who protect us both on US soil but overseas and in the many nations around the world. For 2018, the theme was to Pray for America - UNITY, based upon Ephesians 4:3 which challenges us to mobilize unified public prayer for America, "Making every effort to keep the unity of the Spirit through the bond of peace."

Augusta Presbyterian

Our Sunday School class is growing. We got one new participant last week and two new ones this week. We are continuing our study by a work written by John Orgberg. There is an accompanying video which helps in the discussion. Earl Bush is leading the study.

I attended the mother-daughter banquet on Friday night. This is the seventeenth straight year that I have attended. I get a chance to see mothers and daughters that I had not seen for a year. It was a good time and plenty of food was available.

Earl Bush was the liturgist and Susie Hargett led the singing. This was communion Sunday and Millie Bush prepared the elements and Dr. Jim Morris and David England served the bread and the fruit of the vine.

My message was about kindness and examples of kindness by Jesus were presented.

Monday night we have our weekly soup supper.

Tuesday the Wilder express will be going to Wilder to get food for the Ministerial food bank. There will be a large group of people who come and help us unload the food. We take Goree Spradlin's truck to get the food and this week the amount of food that we get will be abundant.

The food bank is open on Tuesday afternoon at 1:00 p.m. We give out abundant food and the main foods that we have are fresh vegetables. We are never sure what we are going to get each week. If you are in need, come and we will try to take care of your needs.

Wednesday is time for our monthly bread basket meal and we will be featuring grilled meats.

Thursday the women of the church meet in the afternoon.

We welcome all that joined us on this beautiful sunny May day. Great to have some sunshine. Enjoy this wonderful day God has given us. Our Sunday school lesson The Book of Luke 11th chapter was led by Greg Perkins. What is prayer? It means you talk to God.

Our opening prayer was led by Jerry Ziegler. Our Praise team did a wonderful job leading us in song. Our special today by Jerry & Mary Ziegler who sang How Great Thy Art, was beautiful and a much-deserved standing ovation.

Standing in for Brother Bruce & Dorothy as they were attending their granddaughter's graduation, was Bro. Scott Phillips, his message for us today was - What does it mean to be Spiritual? The word of God is the will of God. Spiritual people find joy in the most difficult times, Spiritual people also help others.

Today we celebrate the baptism of Jordan Cooper. Our closing prayer was led by James Cox Please keep in your prayers Janie Dodson, Betty Conley, Bill Montgomery, James Cox, all our elected officials, our nation, our service men and women, our church and all of those on our prayer list. Save the date - Open house at Camp Northward, May 20th from 1 p.m. to 5 p.m., remember our Remember Wednesday night refresh at 7 p.m. We will continue our study of the Book of First Peter, bring your Bible and a friend.

GREETINGS FROM ST. JAMES

by Caroline Jefferson

All our young parishioners ages three thru 8th Grade are needed to participate in St. James Annual May Crowning Procession this Sunday, May 13 immediately following the 8 AM Mass. As Mother of Jesus, Mary holds a very special place in our hearts and the month of May is dedicated to honor Mary and her role in salvation history! This procession takes only about ten minutes out of your day, but participation and your presence for this tribute to Mary will reap benefits that our out of this world!!

This procession is even more significant this year as it coincides with the national observance of Mother's Day and it is the 101st anniversary of Mary's first appearance to the three shepherd children at Fatima, Portugal! How wonderful to celebrate our earthly Mothers and our heavenly Mother on the same day!

Tuesday, May 15 is the monthly meeting date for the Women's L.I.F.E. Group with Rosary beginning at 6 PM in church, followed by refreshments at 6:30 in the Parish Hall with discussions and meditations at 7 PM.

Camp Northward's Open House

On May 20, Camp Northward will host an Open House at its new campus from 1-5 p.m. The Open House will give campers, parents, and supporting churches an opportunity to see the new facilities that Camp Northward will offer for its 2018 camp season. The Open House will be held at their South Campus on Broadford Road.

The goal of the Open House is to allow people to see the new facilities and receive information about the camp. Visitors will be able to tour the new facilities and receive information about registering for camp this year. There will also be an opportunity to meet the new Camp Director, Nathan Derico. Mr. Derico was hired by Camp Northward last year after Clyde George stepped down from the position.

The day will contain a variety of activities. There will be two sessions of live music. Jason Shields from Unity Christian Church will provide the first set while Neal Holmes from Antioch Mills Christian Church will provide the second. Individuals will have an opportunity to try the zip line at the camp. Those who want to participate in the zip line should bring a set of long pants and closed toed shoes.

Campers will also have opportunities to engage in other events throughout the day. There will be wagon rides, a bounce house, and games for individuals to participate in. Besides the games and activities, those who attend the open house will be able to sign-up to win door prizes. The grand prize is a free week of camp for one lucky camper.

Camp Northward has performed a special ministry to the area for several decades. At the old campus, located just outside the city of Falmouth, countless campers were baptized, rededicated their lives to Jesus Christ, and made the decision to enter into the ministry. Also, many adults worked tirelessly as counselors and faculty ministering to children each year. Both the campers and the faculty have memories that will be carried throughout their lives at the old campus. New facilities will allow new memories and life moments to happen at Camp Northward. Many are curious about what new memories will be created at the new campus. On May 20, they will have the opportunities to see it in person.

If you have any questions about the new camp season or about the Open House, contact the camp (859) 654-3865. The camp office is open 9-5 p.m. Mon.-Fri. The Open House will be held at the South Campus, which is located at 2001 Broadford Road, Falmouth. Broadford Road is located almost 2 miles from the city of Falmouth, and the South Campus is located approximately 2 miles from US 27.

Truth and Consequences: The Choice is YOURS . . .

Truth and Consequences: The Choice is Yours is an enrichment activity designed for youth. This program simulates the physical, emotional, financial, and legal consequences and impact of getting involved with illicit and legal substances.

On Wednesday, April 25th, 8th grade students from both Augusta Independent School and Bracken County Middle School participated in role-play scenarios including: possession of prescription drugs; driving under the influence; sniffing; possession of alcohol, drug paraphernalia, or illegal drugs; trafficking; and stealing drugs; etc. Depending on the scenario, students visited appropriate officials and/or agencies such as the law enforcement agencies, judges, school officials, hospital, and coroner to experience the consequences of their behavior.

This yearly event is held at the Bracken County Judicial Center with over 20 community partners attending. The Bracken County Extension Service sponsors the program along with Augusta & Bracken Family Resource Youth Services Centers. Kent and Connie Marinaro opened each session by sharing a very powerful story about their

COMMUNITY LEADERS VOICE THEIR SUPPORT...

"After serving on the Fleming County Fiscal Court for 6 years and now completing my first term as Kentucky Representative for Bracken, Fleming, Mason, and Robertson Counties, I've worked with many community leaders throughout the state. Craig Miller would be at the top of my list of individuals who have the proven background and experience, as well as the leadership to serve his respective community and county. I adamantly would endorse his campaign for Augusta West Magistrate and would look forward to working with him in the near future!"

- Rep. John Sims, Jr. - KY House of Representatives District 70

"From watching him grow up while my mother babysat him and his siblings, it is with great pride that I have been able to witness how Craig has turned into a loving husband, father, and businessman, as well as the passion he has for his church, our schools, and our communities and county. In my eyes, Craig will be a great asset as the next Augusta West Magistrate!"

- Mary Zeigler - Former Augusta City Councilwoman and Mayor

"Through the years, Craig has demonstrated to me to be a proven leader by being involved in many business endeavors. His knowledge of the inner workings of government on the national, state, county, and city levels is exceptional. Most importantly, he is a genuine family man. Craig has my endorsement and vote to represent Augusta West on the Bracken County Fiscal Court. I ask that the voters of the district please give him your vote and support as well!"

- Clark Hennessey - Current Augusta West Magistrate

"During my 10 years as Mayor of Augusta, Craig represented Augusta on the Bracken County Industrial Authority. One project that comes to mind is the multi-million dollar Clonay expansion. Craig's leadership and foresight helped to make this expansion a reality. His advocacy on behalf of the industrial board led to the retaining of over 290 jobs while creating many more."

- John Laycock - Former Mayor of Augusta

"Craig brings a strong mix of family values, excellent business management skills, and the desire to strengthen our county into the future. He has the ability and experience needed to work with other fiscal court members to continue to provide leadership for Augusta West and Bracken County!"

Charlie Clos

candidate for Bracken County Jailer

My name is Charlie Clos and I am a candidate for Bracken County Jailer. I would like to take this opportunity to tell you about myself and my running mates.

I was raised in Bracken County by my mother, Norma Cummins in the Gertrude Community. I graduated from Bracken County High School in 1982 and enlisted in the United States Army. I retired from the Army after 20 years of service and took the position of JROTC Instructor at Mason County High School, where I stayed for 8 years. After leaving the school system I became the Security Supervisor for the Meldahl Hydroelectric Project and remained their until completion. I currently serve as a Deputy Jailer at the Mason County Detention Center.

As a Deputy Jailer, I am required to have 26 training hours annually. I currently completed **113.5 hours** in firearms training, transportation of offenders, MCDC Taser Certification, MCDC OC Aerosol Class, Basic Jail Operations, Use of Force and Jailer Liability, Security Procedures and Searches, Report Writing and Jail Documentation.

If elected as Jailer, I have chosen David Sticklen and Ginger Moore Jones to serve as my Deputy Jailers. David is the son of the late Jack and Bea Sticklen. He is married to Penny McKenney Sticklen and together they have two daughters, Kamryn and Madalyn Sticklen. David has previous experience as a Jailer of Bracken County for 9 years and 5 years as a Deputy Jailer. Currently, he serves Bracken County as an EMT on the ambulance and is also a Kentucky Certified Fire Fighter on the Brooksville Volunteer Fire Department. He also serves on the Bracken County Extension Board and is a member of the Powersville Christian Church.

Ginger Moore Jones was born and raised in Bracken County. She is the daughter of Jimmy Dale and Agnes Moore of Milford. She is married to Paul Jones of Johnsville for 24 years and together they have 2 sons, Colten 18 and Hunter 12. Ginger has been an active member of the Horizon Homemakers for 20 years. She is also a licensed Zumba Instructor at the Fitness Hub in Brooksville. She has been employed at Rumpke's Waste and Recycling for the past 16 years.

I have put together an outstanding team to serve our county and community. We bring leadership, experience, and dedication to the position of Bracken County Jailer. We would appreciate your support and vote on May 22, 2018.

Kid-Tucky Derby held at Saint Augustine School in Augusta

Pictured left to right are St. Augustine Preschool students - Sophie Miller, Nick Swanger, Holly Speakman, Harper Asbury, Ryleigh Tanner, Reiko Takata, Ren Takata, Callen Rich, Maddox Myrick, and Carter Reeves with Preschool Aide Lacy Schumacher, and Teacher Alicia Hay, standing in the back.

On Friday, May 4th, the students and staff at Saint Augustine School celebrated their own Kid-Tucky Derby. The classes watched old horse races and studied about the traditions of the Kentucky Derby before their afternoon of racing. The preschool students dressed-up for the day. Before the race, the girls were given flowered hats and the boys were given jockey hats. Each student received a Derby balloon as well. All students named their stick horses that were made from oven mitts and mops. The festivities began with the 4th and 5th grades singing My Ole Kentucky Home. Then the preschool class began the races with Maddox Myrick winning with his horse, Money. Griffin Miller won the race between the kindergarten and first grades, and Willy Speakman won the second and third grades race. The three winners were given flowers leis, and each participant was given a hand-painted Kentucky Derby wooden medal. The fun ended with a tune on the recorder and then the students enjoyed Green Kool-aid drinks with orange slices and cherries and cookies.

Give nesting eagles the space they need
Getting too close with a drone or on foot can cause nest abandonment

When trying to catch a glimpse of an eagle in its nest, Kate Slankard reminds people to keep their distance and make visits brief.

"It's natural to be excited when we see an eagle in the wild," said Slankard, an avian biologist with the Kentucky Department of Fish and Wildlife Resources' non-game division. "But we don't want to stay so long that we disturb them."

Researchers have documented more than 150 pairs of nesting eagles in Kentucky this season.

The bald eagle was absent from Kentucky's landscape for decades. That began to change after the United States banned the use of the pesticide DDT in 1972 and a nationwide re-introduction effort in the 1970s and 1980s helped restore the majestic bird. Kentucky documented its first pair of nesting eagles in almost 40 years in 1986.

This growth has reacquainted the public with Kentucky's largest bird

of prey, spotted in nearly all 120 counties of the state, particularly during the migration and winter season from September to March. The public's help was instrumental in the department's ability to document the eagle nests across the state. Now the department is asking for the public's help again: Please don't disturb the birds.

Protecting their habitat and keeping a respectable distance assures that eagles remain in an area and continue to reproduce in the state.

The federal Migratory Bird Treaty Act provides protection for all native birds, but the Bald and Golden Eagle Protection Act gives added strength by making it a federal crime to take, molest or disturb these birds of prey.

Slankard encourages those interesting in watching the birds to keep a distance of 330

feet. Using a spotting scope, binoculars or a telephoto lens are ways to get a better view without disturbing the birds. She also encourages photographers to use a blind to hide behind while photographing birds in their habitat. The one thing that is absolutely prohibited is the use of drones.

These safe distance guidelines can be followed with other raptors as well, including peregrine falcons, hawks, owls and even vultures, to prevent disturbing them off the nest.

Songbirds, such as the robin and the cardinal, build their nests closer to humans and are not as susceptible to those interactions. Other songbirds may not have the familiarity.

For those that want to view a raptor nesting site without facing the daunting possibility of disturbing the birds, a live streaming video of a peregrine falcon pair and its four chicks is currently active at: <https://lgeku.com/environment/plants-and-wildlife/peregrine-falcons/cam>.

To learn more about the work the department is doing to protect birds visit the Kentucky Fish and Wildlife website at fw.ky.gov and search under the keywords birds or eagle.
